DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 7, 13 and 19-22 are rejected under 35 U.S.C. 102(b) as being anticipated by Sakata et al (Sakata).

Sakata discloses both an apparatus and a method for time varying filtering by engaging or disengaging filters by changing the filter coefficients from an initial set (defining a first filter) to a final set (defining a second filter) via a graduated or intermediate sequence of steps, note the abstract. A filter is defined by specifying a set of filter coefficients.

Relative to applicant's remarks, when the filter coefficients have become the final set the second filter has been engaged, inserted, switched on or enabled and the first filter has been disengaged, removed, switched off or disabled.

Allowable Subject Matter

3. Claims 2, 4-6, 8, 10-12, 14, 16-18, 23-27 and 30-33 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
